Dear Mikelle,

On behalf of the Kent County Unit Board of Directors of the American Cancer Society, I would like to submit this letter of support in Michigan's participation in the ASSIST program.

The American Cancer Society is the nationwide health organization dedicated to eliminating cancer as a major health problem by preventing cancer, saving lives from cancer, and diminishing suffering from cancer through education, service and research.

We are actively participating in the SAFE Coalition in Kent County and look forward to the growth and effectiveness anti-tobacco coalitions will experience in the future.

If I may be of further service, please do not hesitate to call.

Most sincerely,

Nancy C. Lyons
Executive Director
Kent County Unit
